

BIOMEDICAL SCIENCE FOR THE BENEFIT OF SOCIETY

“Financial Project Technician
Centre for Genomic Regulation (CRG)

The Institute

The Centre for Genomic Regulation (CRG) is an international biomedical research institute of excellence, based in Barcelona, Spain, with more than 400 scientists from 44 countries. The CRG is composed by an interdisciplinary, motivated and creative scientific team which is supported both by a flexible and efficient administration and by high-end and innovative technologies.

In April 2021, the Centre for Genomic Regulation (CRG) received the renewal of the '[HR Excellence in Research](#)' Award from the European Commission. This is a recognition of the Institute's commitment to developing an HR Strategy for Researchers, designed to bring the practices and procedures in line with the principles of the [European Charter for Researchers](#) and the [Code of Conduct for the Recruitment of Researchers](#) (Charter and Code).

[Please, check out our Recruitment Policy](#)

The role

We are looking for a motivated and detail-oriented Financial Project Technician to strengthen the team of the Grants Management Unit in the Finance Department.

The Financial Project Technician's mission is to provide technical and administrative support in the financial management and justification of competitive research projects, working closely with the Grants Managers and collaborating with other relevant areas of the administration (e.g. Accounting, Controlling, People, Purchasing).

The position will be reporting to the Head of the Unit and working closely with the other members of the Grants Management team.

The main duties of this position will include:

- Extraction of expenditure reports and justification listings from the ERP system
- Reconciliation of justified amounts across projects
- Requesting documentation from other departments and preparing it for submission to different funding bodies
- Sending documentation through different funder platforms and portals
- Managing fund transfer queries and budget line transfers
- Managing time-sheet and hour allocation records
- Support to Grants Managers in day-to-day tasks (justifications, audits, claims, etc.)
- Data entry in ERP: transfers between budget lines, Invoices and personnel imputations, project opening
- Review and organisation of project documentation
- Support during audits and information requests
- Personnel justifications (FPI, FPU, Inphinit, FI AGAUR, etc.)
- Support in project closure processes and financial reconciliation

About the team

The mission of the Grants Management Unit is to proactively support the CRG community in securing competitive funds for research and institute-related activities, as well as to manage the principal investigators' core and external funding, with individualised professional support throughout the project life cycle.

The services offered by the Grants Management Unit are:

- To act as a liaison between the CRG community on the one side and the funding agencies or sponsors/donors on the other side
- To ensure grant-management efficiency and financial sustainability, while maximising the impact of grant-funded research
- To fulfil administrative and reporting requirements of the funding agencies or sponsors/donors for active grants
- To manage budgets and control competitive and external funds in compliance with the applicable regulations and CRG policies

You will have the opportunity to work closely with an experienced and dynamic team, develop a career in an international atmosphere and participate in social activities and events.

Whom would we like to hire?

Professional experience

Must Have

- You have a minimum of one to two years of experience in a Financial Department, Administration Department or Audit Firm
