

BIOMEDICAL SCIENCE FOR THE BENEFIT OF SOCIETY

**“Lab Manager at the Epigenetic Face of Cancer Metabolism Group”**  
*Centre for Genomic Regulation (CRG)*

### The Institute

The Centre for Genomic Regulation (CRG) is an international biomedical research institute of excellence, based in Barcelona, Spain, with more than 400 scientists from 44 countries. The CRG is composed by an interdisciplinary, motivated and creative scientific team which is supported both by a flexible and efficient administration and by high-end and innovative technologies.

In April 2021, the Centre for Genomic Regulation (CRG) received the renewal of the ['HR Excellence in Research'](#) Award from the European Commission. This is a recognition of the Institute's commitment to developing an HR Strategy for Researchers, designed to bring the practices and procedures in line with the principles of the [European Charter for Researchers](#) and the [Code of Conduct for the Recruitment of Researchers](#) (Charter and Code).

[Please, check out our Recruitment Policy](#)

### The role

We are seeking for a highly motivated lab manager. The successful candidate will be involved in purchasing lab material and helps other lab members in the execution of lab experiments. They will also be involved in overseeing the administrative and safety aspects of work activities (stock replenishment and laboratory waste disposal).

Experience in the following fields is a must:

- Cell culture
- Western blot
- PCR
- Transfection and infection (lentivirus)
- Immunofluorescence
- Image analysis

### About the lab

The Sdelci Lab at the CRG is focused on understanding the role of chromatin-bound metabolic enzymes in epigenetic regulation during aggressive cancer development and progression.

For further information, you can directly email the PI of the group: [sara.sdelci@crg.eu](mailto:sara.sdelci@crg.eu)

### Whom would we like to hire?

#### Professional experience

##### Must Have

- You have a master's degree in biology or related
- You have proven experience with cellular and molecular biology techniques
- You are fluent in English
- You have experience presenting results
- You can work independently

- You have a proactive and collaborative attitude

#### Education and training

- Master's degree in biology or similar

#### Languages

- You are proficient in English

#### Technical skills

- You have advanced MS Office skills

#### Competences

- Highly developed organizational skills

#### The Offer – Working Conditions

- **Contract duration:** Technical and scientific activities contract – linked to the laboratory activity
- **Estimated annual gross salary:** Salary is commensurate with qualifications and consistent with our pay scales.
- **Target start date:** 01.03.2024

We provide a highly stimulating environment with state-of-the-art infrastructures, and unique professional career development opportunities. To check out our training and development portfolio, please visit our website in the [training section](#).

We offer and **promote a diverse and inclusive environment** and welcomes applicants regardless of age, disability, gender, nationality, ethnicity, religion, sexual orientation or gender identity.

The **CRG is committed to reconcile a work and family life** of its employees and are offering extended vacation period and the possibility to benefit from flexible working hours.

#### Application Procedure

All applications must include:

1. A motivation letter addressed to Dr Sara Sdelci
2. A complete CV including contact details.
3. Contact details of two referees.

All applications must be addressed to Dr. Sara Sdelci and be submitted online on the CRG Career site - <http://www.crg.eu/en/content/careers/job-opportunities>

#### Selection Process

- **Pre-selection:** The pre-selection process will be based on qualifications and expertise reflected on the candidates CVS. It will be merit-based.
- **Interview:** Preselected candidates will be interviewed by the Hiring Manager of the position and a selection panel if required.
- **Offer Letter:** Once the successful candidate is identified the People department will send a Job Offer, specifying the start day, salary, working conditions, among other important details.

**Deadline:** Please submit your application by February 29, 2024.

**Suggestions:** The CRG believes in **ongoing improvement** and promotes a **culture of feedback**. This is one of the reasons we have in place, at your disposal as a candidate, a mechanism to gather your suggestions/complaints concerning your candidate experience in our recruitment processes. Your feedback really matters to us in our aim at creating a **positive candidate journey**. You can make a difference and help us improve by letting us know your suggestions through the [following form](#).

HR EXCELLENCE IN RESEARCH
